WHAT'S INSIDE

Personalized, Quality Service

Our qualified team of radiator technicians is friendly and knowledgeable. We are here to help you get your operation back online with as little downtime as possible.

Our shop is equipped with a large test tank, ultrasonic cleaning tank, and a large overhead crane for the bigger projects.

About Duane's Radiator Shop

Duane's Radiator Shop has been dedicated to quality service for 30+ years in Williston, North Dakota. At the heart of the Bakken, we strive to serve the needs of many oilfield, agricultural, and trucking companies, providing radiator solutions of every kind.

Stop in with your radiator issues, we'd love to talk about what we can do for you.

Fast Shipping

New radiators not in stock typically arrive next-day. Custom cores may take longer. We order products from the highest quality manufacturers that ensure fast, reliable shipping times on most items.

If you are questioning the ability of your equipment to function properly, bring it in to our experts. We welcome walk-ins, or you can call ahead to schedule an appointment.

New Radiators

Many new radiators are in stock for a wide selection of applications ranging from automotive & agricultural, to oilfield & extreme duty truck radiators.

One Year Warranty

All new products come with a one year warranty. If your new radiator breaks down within the warranty year, we will provide you with a replacement free of charge.

Custom Cores

New custom cores can be ordered if your radiator cannot be found as a complete set. For some large applications it may be a less expensive option as well.

Popular Products

Extreme Duty Trucks

Extreme duty truck radiators are kept in stock at all times. These 5 row flat fin radiators are quality built for maximum strength. They are your best choice for oilfield roads, and are the only ones recommended in the Bakken.
